

Title: Electron Tube Device Mounted With a Cold Cathode and a
Method of Impressing Voltages on Electrodes of The Electron Tube Device
Inventor: TSUIDA, Shinju, et al.
Divisional of U.S. Appln. No. 09/808,041

FIG. 1A PRIOR ART

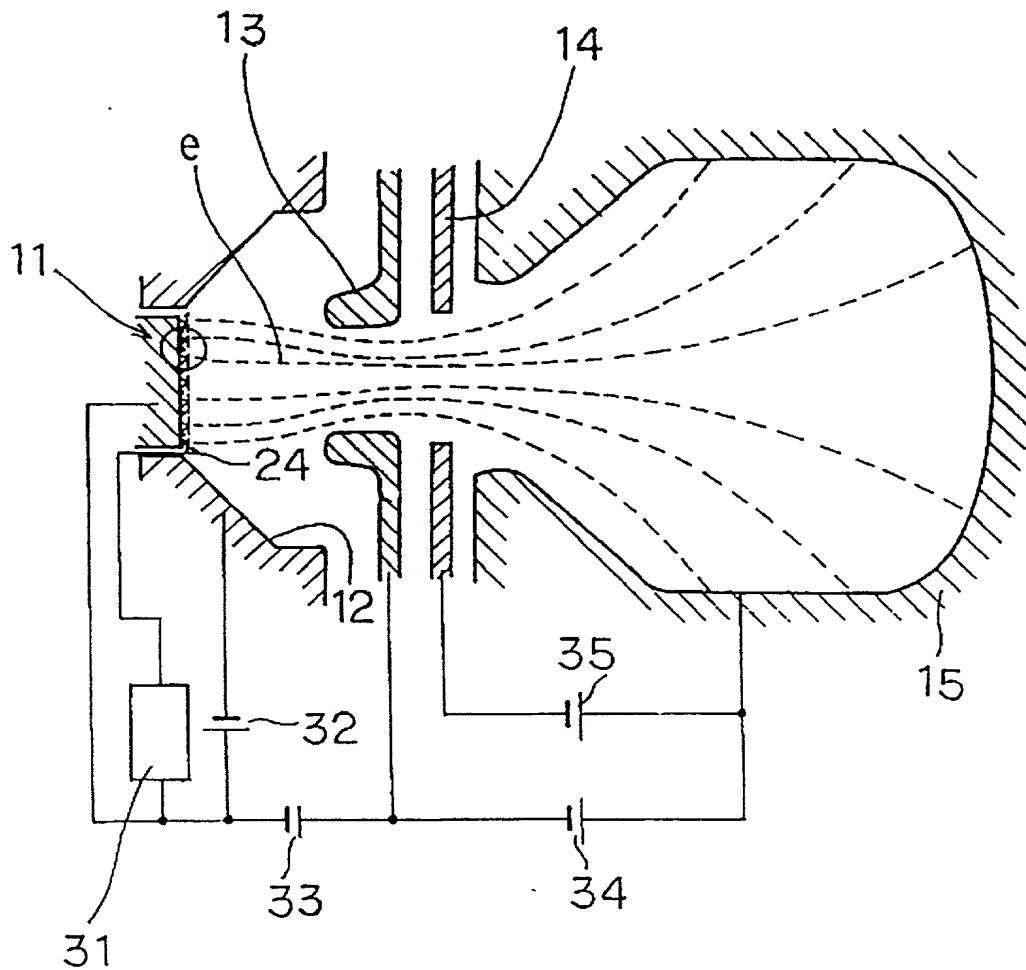

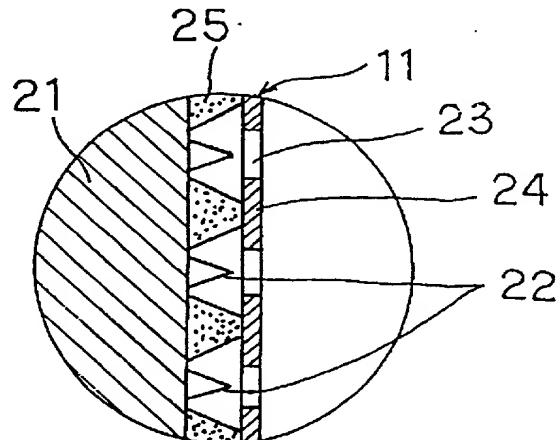

FIG. 1B

Title: Electron Tube Device Mounted With a Cold Cathode and a
Method of Impressing Voltages on Electrodes of The Electron Tube Device
Inventor: TSUIDA, Shinju, et al.
Divisional of U.S. Appln. No. 09/808,041

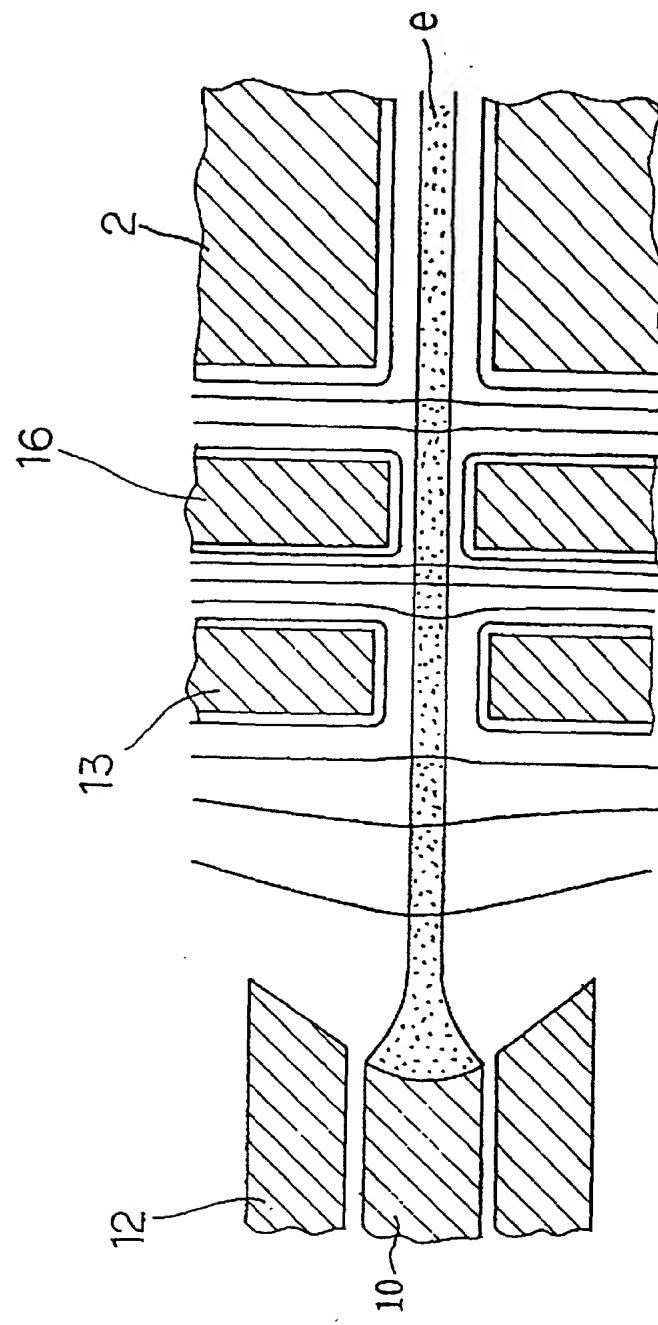

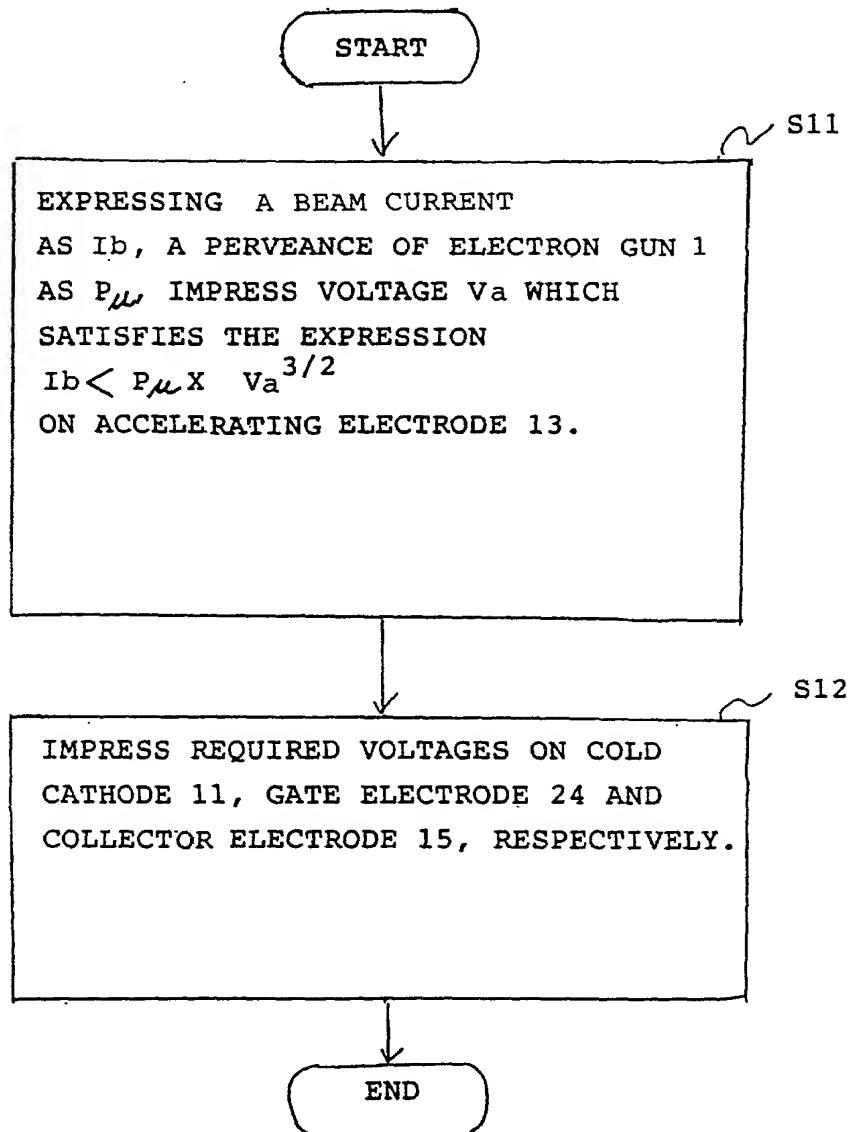

FIG. 2 PRIOR ART

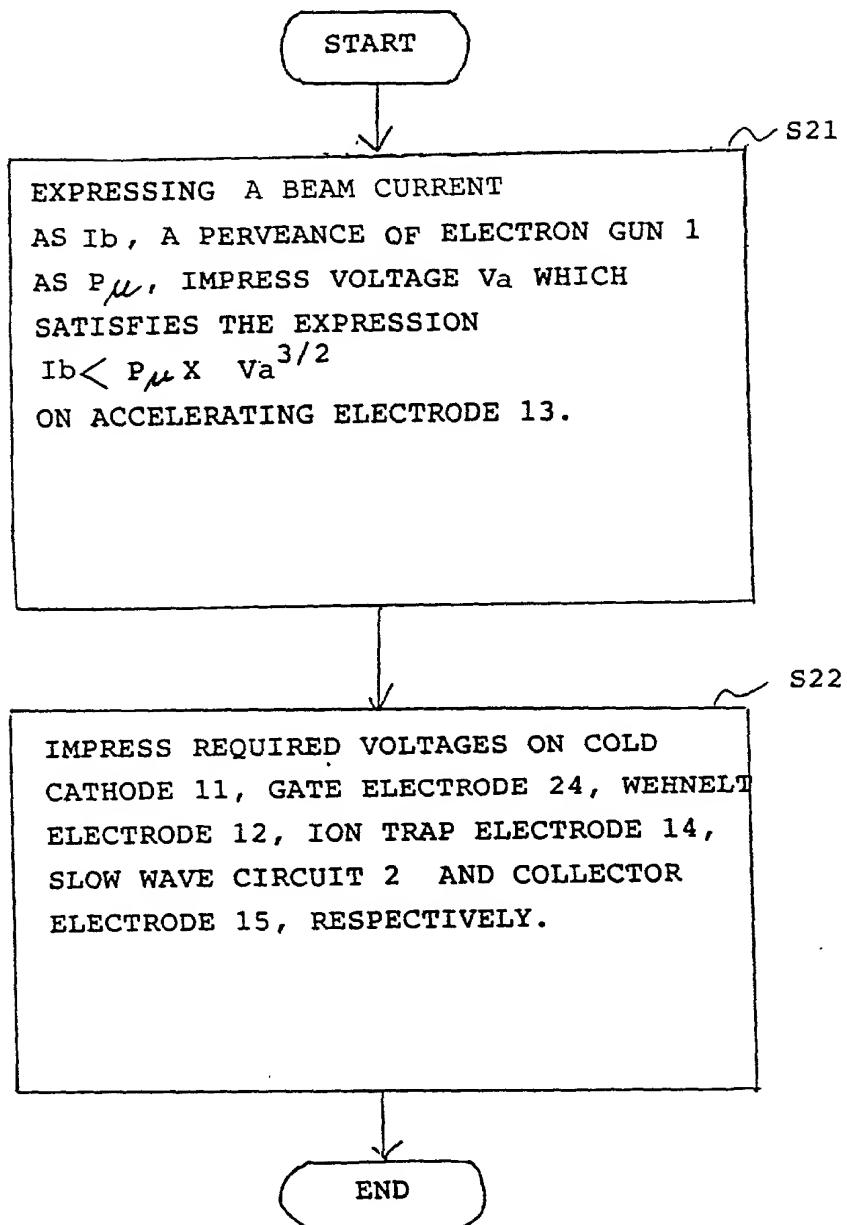

Title; Electron Tube Device Mounted With a Cold Cathode and a
Method of Impressing Voltages on Electrodes of The Electron Tube Device
Inventor: TSUIDA, Shinju, et al.
Divisional of U.S. Appln. No. 09/808,041

FIG. 3

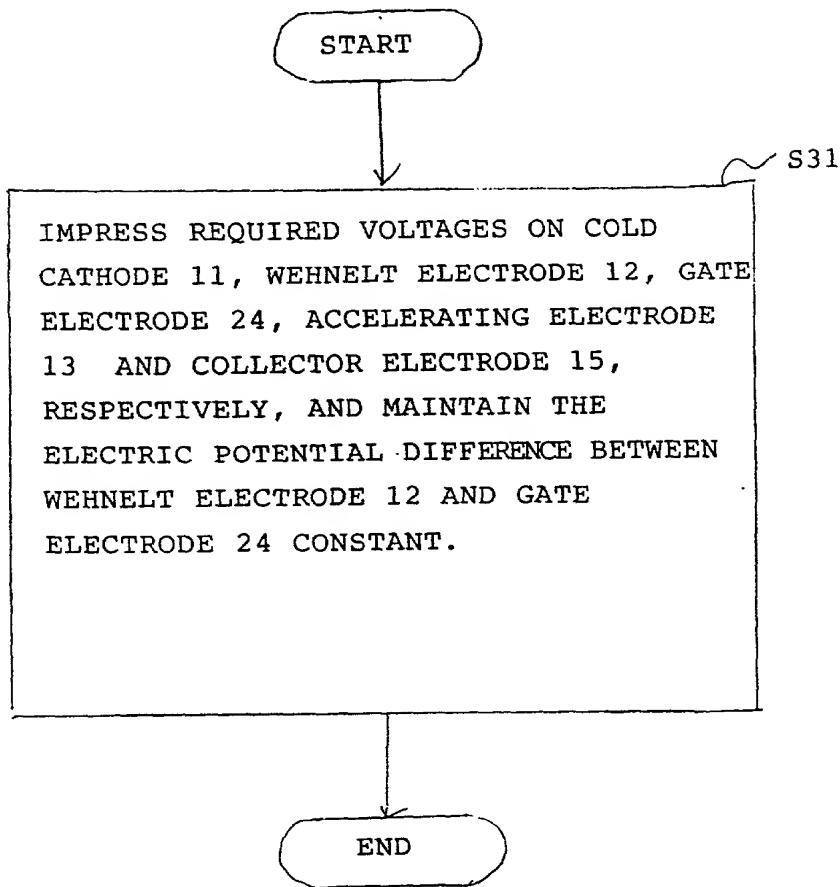

Title: Electron Tube Device Mounted With a Cold Cathode and a
Method of Impressing Voltages on Electrodes of The Electron Tube Device
Inventor: TSUIDA, Shinju, et al.
Divisional of U.S. Appln. No. 09/808,041

FIG. 4

Title: Electron Tube Device Mounted With a Cold Cathode and a
Method of Impressing Voltages on Electrodes of The Electron Tube Device
Inventor: TSUIDA, Shinju, et al.
Divisional of U.S. Appln. No. 09/808,041

FIG. 5

Title: Electron Tube Device Mounted With a Cold Cathode and a
Method of Impressing Voltages on Electrodes of The Electron Tube Device
Inventor: TSUIDA, Shinju, et al.
Divisional of U.S. Appln. No. 09/808,041

FIG. 6

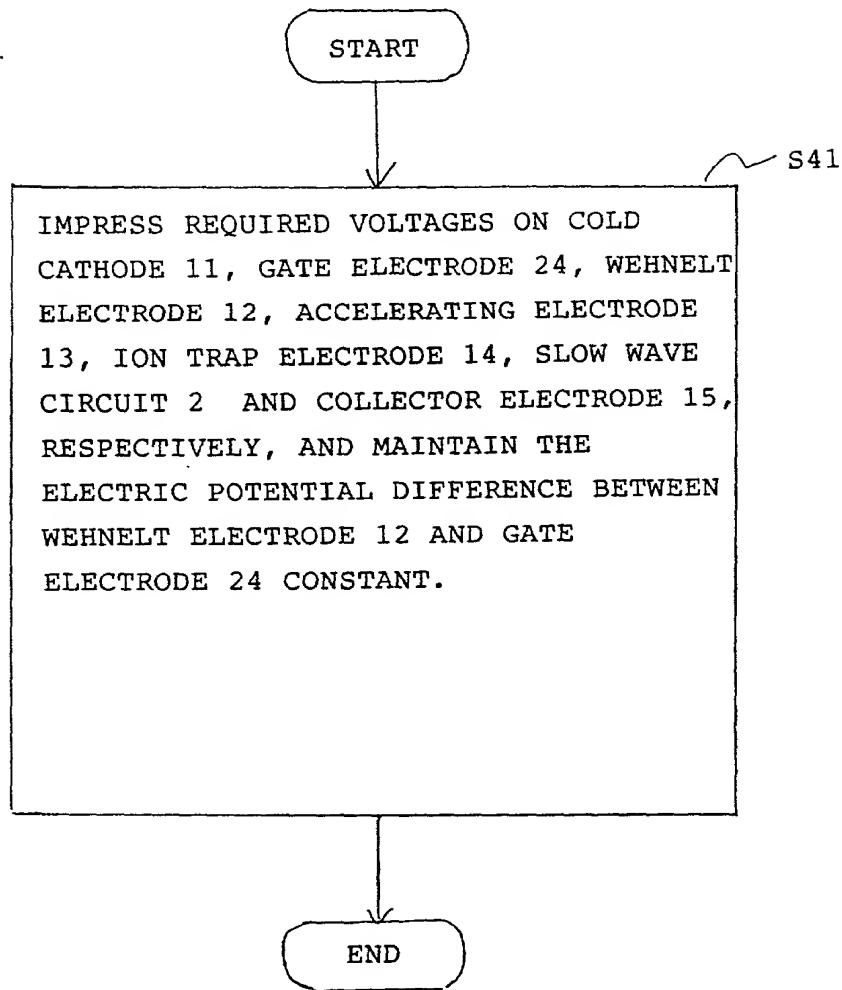

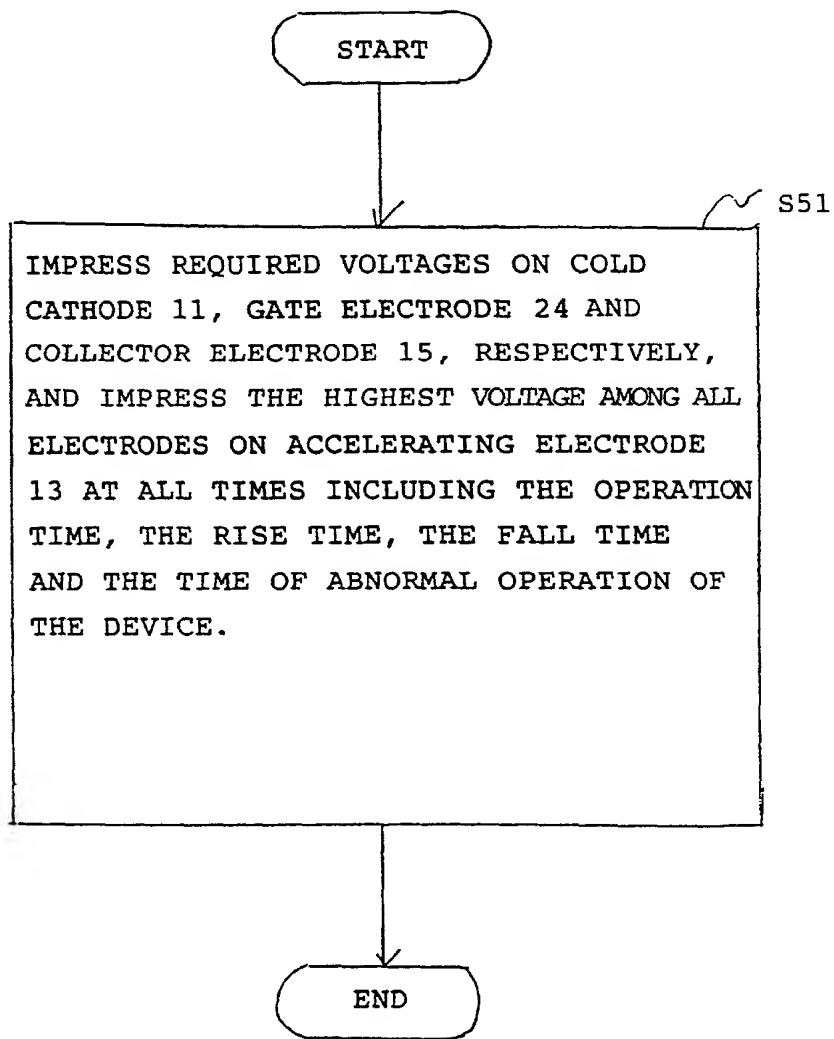

FIG. 7

Title: Electron Tube Device Mounted With a Cold Cathode and a
Method of Impressing Voltages on Electrodes of The Electron Tube Device
Inventor: TSUIDA, Shinju, et al.
Divisional of U.S. Appn. No. 09/808,041

FIG. 8

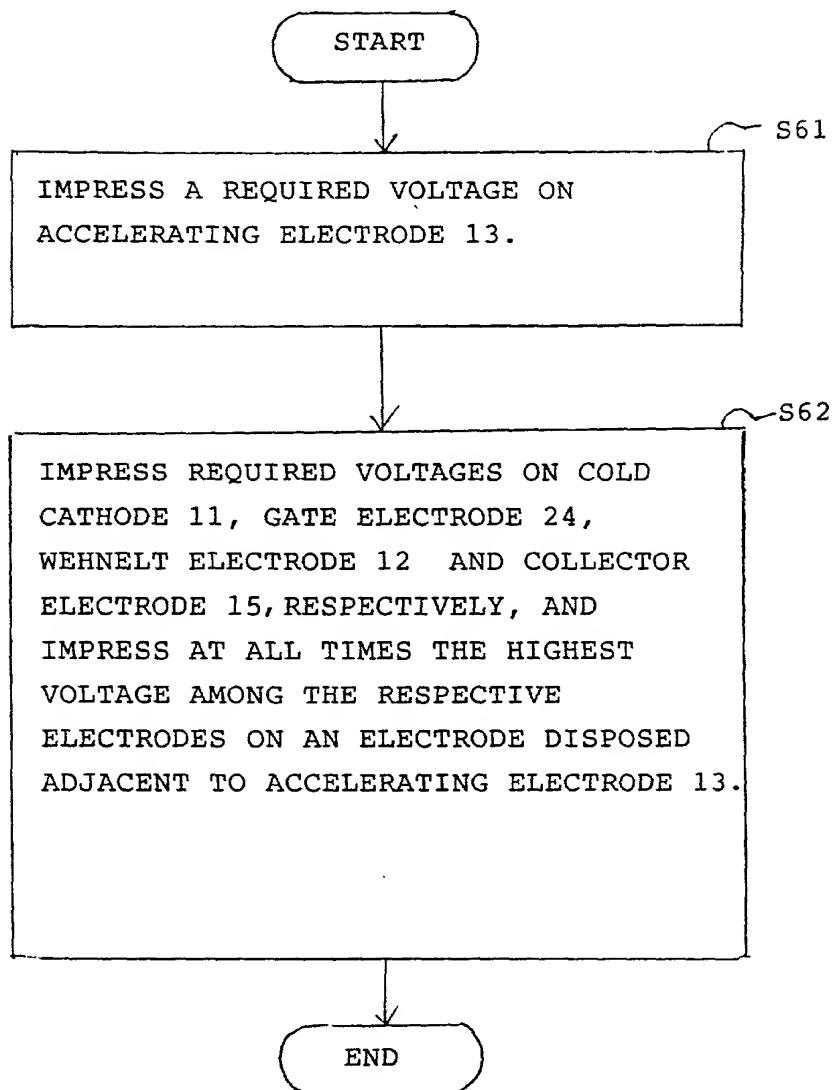

FIG. 9
